Summer Learning Math

This year we have been using DreamBox Math to support student growth on meeting the New Jersey Student Learning Standards. Your child can continue their work over the summer! Your child's teacher sent home a Family Access Letter with a unique username and password. If you do not receive this letter by the end of the school year, please contact the building principal or Dr. Cullis, scullis@denville.org for further assistance.

Attached you will find:

1. Sample Family Access Letter
2. Directions to set up a Family Account to monitor your child's progress
3. Reflex Math information

Sample

Family Access Letter

Dear Parent/Guardian,

Your student's school has purchased DreamBox Learning, a K-8 digital math program that independent studies have found to raise student achievement and better prepare children for future success.

To Access DreamBox on a Browser

Your student can access DreamBox Learning from any computer, 24 hours a day, 7 days a week. All you need is a high-speed Internet connection.

- If you're using a browser, use this link: [REDACTED]
- If your student uses a picture password, you will also need to enter this Classroom Code: [REDACTED]
- Username: [REDACTED] and password: [REDACTED]

To Access DreamBox on an iPad

To download the DreamBox Learning Math app, go to <https://www.dreambox.com/ipad>, or search for "DreamBox Learning Math" in the App Store. If you already have the app installed, you'll want to make sure the latest version of the app has been installed so your student receives the most current experience and lessons.

When prompted in the app, enter this school code: [REDACTED]

- If your student uses a picture password, you will also need to enter this Classroom Code: [REDACTED]
- Username: [REDACTED] and password: [REDACTED]

Create your DreamBox Account to review your student's academic progress at home in your Family Dashboard. Please follow these steps to create your free account:

- 1) Have your student login to their profile just as they would at school.
- 2) Click Setup Parent Access at the bottom of the page.
- 3) Follow the instructions provided to create a new login and password.

Log into your home account after setup:

- 1) Go to <https://play.dreambox.com>.
- 2) Enter your email address and password.
- 3) To see student progress, click the "Family Dashboard" button.

If you have any questions, please visit our support site or email us at homesupport@dreambox.com. We are available Monday through Friday, 5 a.m. to 5 p.m. Pacific.

Setting Up a New DreamBox School Family Account

To set up access, your student must first log in to their school account. You will need:

- A laptop, Chromebook, or desktop computer. You will not be able to set up a Family Account using an iPad.
- A DreamBox Family Access letter from your student's school.

1) Open an internet browser on your computer and ask your student to log in to DreamBox the same way they do at school. The login method can vary depending on the school.

If your student does not know their username and password, please refer to the Family Letter sent by the teacher. If you do not have the Family Letter, please contact your child's teacher or principal for that information. DreamBox will never share student information.

2) After your student has logged in, click the **Set up parent access** link in the bottom-right corner of the screen. The **Parent Account Setup** page will open.

3) Enter the email address and password you would like to use to access your Family Dashboard, and then click **Submit**.

4) After you have created the account and linked your student, you can choose to:

- let your student return to the play environment
- link another student by repeating the steps above, or
- access your Family Dashboard.

Note: It can take up to 24 hours for your student's data to appear in your Family Dashboard.

After setting up your Family Account, you can log in to your Family Dashboard

from play.dreambox.com using the email address and password you used to create your account. To

Adding a Student to an Existing Family Account

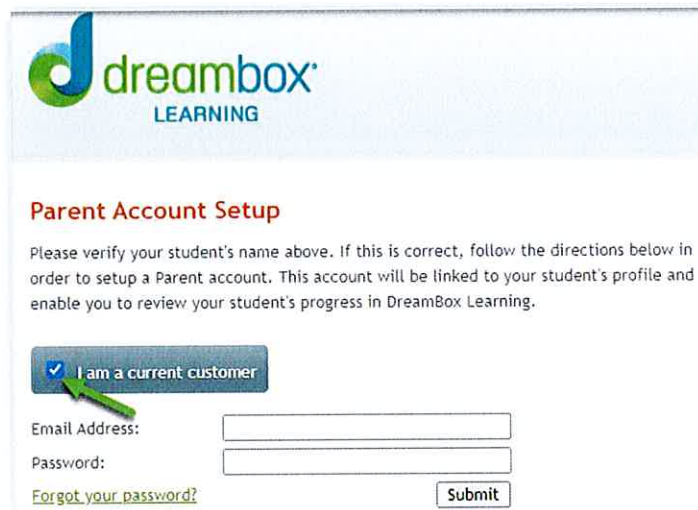

If you want to add a student to an existing Family Account, you will need to:

1) Open an internet browser on your computer and ask your student to log in to DreamBox the same way they do at school. The login method can vary depending on the school. For detailed login instructions, please click [HERE](#).

If your student does not know their username and password, please refer to the Family Letter sent by the teacher. If you do not have the Family Letter, please contact the educator for that information. DreamBox will never share student information.

2) After your student has logged in, click the **Set up parent access** link in the bottom-right corner of the screen. The **Parent Account Setup** page will open.

3) Check the box I am a current customer and enter the email address and password you used to set up your account.

Troubleshooting Family Account Issues

You may encounter some of the following issues when setting up or accessing your school family account.

Contact Support: [Support.Dreambox.com/s/contactsupport](https://support.dreambox.com/s/contactsupport)

Issue	Next Steps
<p>I do not see the Set Up Parent Access link</p>	<p>There are two reasons for not seeing the Set Up Parent Access link:</p> <ol style="list-style-type: none"> 1. You are using an iPad. You cannot set up family access on an iPad. The link is only visible if you are using a computer. 2. If you do not see the Set Up Parent Access link on a computer, the student is already linked to a family account. Please confirm that you have not already set up parent access and that the student has not been linked to another family member's account.
<p>Can I attach multiple email addresses to my account?</p> 	<p>No. Each student account can only be tied to one email address. If multiple households need access to the same family account, we suggest the following:</p> <ol style="list-style-type: none"> 1. Create the family account using a shared email address across households. After the account is created, add additional email addresses that should receive notifications.
<p>Can my account be accessed with different email addresses?</p>	<p>The only email address you can use to log into your account is the one you used to create it.</p>
<p>My student's name is already being used on my account</p> 	<p>You cannot have duplicate student names on your Family Dashboard. If you receive this message, you may have already created and linked an account to your student. Have you:</p> <ul style="list-style-type: none"> • Created a Free Home Trial? • Used DreamBox from home in the past? <p>To address this:</p> <ul style="list-style-type: none"> • Verify if another account exists. • Either: Change your student's name on the existing account or delete the student on your home account.
